

Our Skip Prices vary dependant on your Location and the type of Waste that you will be putting into your Skip. We have to charge slightly more for Mixed Waste, as we can't recycle it all. What we can't recycle has to go to Landfill something that we of course have to pay for.

Inert materials are basically, Soil, Concrete, Bricks & Clay. Materials such as Wood, Plastic etc. is looked on as General Waste.

If you order a Mixed Waste Skip then you can't go wrong as long as you don't put any Toxic Waste in there. If we do find any Toxic or Hazardous Waste then it will be returned to you and at a charge. We are not licensed to carry it.

If you order an Inert Skip then please be accurate on your waste as we do check all skips before bringing them back to base.

If a mistake has been made and we do find general waste in an Inert Skip then you will be asked to pay the difference.

By accepting our conditions of hire then you are hereby agreeing to this.

Conditions Of Hire

You the Hirer accept all responsibility in respect of all claims to damage or person or property while sitting, collecting or on site. Skips dropped on Public Highways/Drives are at the Hirers own risk. No container must be overloaded or loaded dangerously in excess of skip size. Fire & Vandal damage will be charged for. Void journeys are chargeable, as well as rental over a 14-day period.

In accordance with the Highways Act 1980 Section 31 or any other statutory requirement we the contractor will supply you the hirer with adequate hazard lighting and traffic cones etc. It is however you the hirers responsibility to ensure that everything stays working and in place while the container is on site. Should any of our lighting equipment become faulty then you the hirer must notify us immediately.

No Hazardous or Toxic waste is to be put in any skip including Asbestos, Fridges, Freezers, Tyres, Batteries, Oil, and Paint etc.
